Simons Searchlight Registry Update 16p11.2 deletion

April, 2022

Ages in Years

Developmental and Behavioral Conditions

Neurological Problems

Gastrointestinal Problems

Notes:
- Graphs show counts of individuals in each category. Individual participants may appear in more than one category if they report multiple conditions.

How to Participate

The information in this report is made possible by the active participation of the 16p11.2 deletion community! Progress for individuals in your community with 16p11.2 deletion is shown below - log in to your simonssearchlight.org dashboard today to check for new surveys and tasks. Your data could hold the clues geneticists need to find answers.

STEP 1
Sign up online

STEP 2
Provide your genetic lab report

STEP 3
Share your important medical history

STEP 4
Fill out surveys

STEP 5
Provide a blood sample if you are interested

STEP 6
Update us every year

Log in to see next steps

Data in these four graphs are from the medical history phone interviews collected in Simons Searchlight on 185 participants with 16p11.2 deletion.
The Quality of Life Inventory is a scientific survey where we asked caregivers to describe how their family member with 16p11.2 deletion responds to life experiences.

It measures quality of life by looking at the following areas: physical health, psychological well-being, social relationships, leisure, and independence.

These graphs reflect the percentage of people who reported "Often" or "Very Often" for each question.
Information Spotlight: Quality of Life

"Quality of life is a common survey of patient-centered outcomes in clinical trials and natural history studies."
- Alison Holbrook, PhD

Daily Life
